*Multicultural ebooks by kids for kids*

## Communications Internship

We think kids matter and their voices should be heard, no matter who they are or where they live. We also think kids have a lot to learn from each other, without adults getting in the way. That's why we've built a library and invited kids to stock the shelves. In the last three years, we've engaged kids aged 6-20 from 20 schools in 5 countries to author 185 books in 28 languages and we're just getting started!

If you understand how exciting this is and you are a skilled communicator who can articulate the value of our work to generate engagement and further our reach, we'd love to hear from you!

### Opportunities for you

- Generate communications to drive our #GivingTuesday campaign
- Engage the public through social media updates on Facebook and Twitter
- Create periodic newsletters through Mailchimp to keep our friends connected
- Design flyers for fundraisers and other events as needed
- Set up fundraising events locally
- Participate in any Posner Center events and trainings (for members)

### Your Commitment

- 5-10 hours/week through the end of the year, and beyond...?

Let's do this!
