

Part-Time Position

Date of Posting: March 2019

Location: Posner Center for International Development at 1031 33rd Street, Denver CO, 80205

Hours Per Week: 20 hours/week with flexible scheduling

Start Date: 3-6 month position starting immediately

Who we are: [Space for Humanity](#) (S4H) was founded to create a globally-minded world. S4H is the first non-profit gateway to space, a philanthropic organization directly enabled by space technology. Our mission is to democratize access to space by providing all expenses paid trips with [Virgin Galactic](#), [Blue Origin](#), and [WorldView](#) -- where anyone, from any walk of life, can apply for an opportunity to experience the [Overview Effect](#): the cognitive shift in awareness that occurs when a human being looks down on the Earth from space. Upon their return, each citizen astronaut will share that experience through a social impact ambassadorship with their communities and beyond. Through this unique program, we believe that we can generate creative solutions to some of the world's most intractable problems.

Position Description: Part-time position in the areas of Fundraising, Business Development, Marketing, Outreach, Impact, Astronaut Training. Possibility for expanded role, and growth with the organization.

Your Mission

- Work directly with Executive Director in developing and implementing fundraising plan, working towards goal of giving non-astronauts access to space
- Generate creative ideas and solutions to challenges faced by a global non-profit

What you bring

Ideal candidate has successful experience fundraising, is passionate about S4H's mission, curious and open to learning. Ready to take on dynamic work, respectful, and works well in a team environment. Excellent verbal and written communication is essential. Candidate is a self starter + creative. Ideal candidate will be currently enrolled in, or will have completed, a bachelor's or graduate degree program related to fundraising. Ideal candidate is well connected in tech, start-up, or non-profit field, and/or is skilled at connecting.

What we bring

Our history as a civilization has been defined by a lack of perspective, and *we believe that space will fundamentally change that*. For the first time in history, flights to space will be available to non-astronauts. It is our mission to make that experience accessible to humans from all walks of life. This is an opportunity to be involved first-hand in a dynamic, exciting project that will impact our world. Possibility for growth in position.

To Apply

Send cover letter and resume to Rachel rachel@spaceforhumanity.org.
