

## Intern Opportunity - Keeping Girls in School

Challenge: Raise Funds to provide menstrual supplies and sustainability training for 1,000 (or more) needy girls.

Problem: Girls miss school once their menstrual cycle begins. They lack adequate sanitary supplies and a place to clean up or change. SCOPE's goal is to keep girls in school by providing menstrual supplies and improving latrines. For \$8 girls can receive a years supply of sanitary towels, four pair of panties, and a sustainability workshop to train girls on high yield organic farming so they can sell vegetables to purchase supplies in the following years.

Intern Task: Create a campaign, in collaboration with SCOPE's Executive Director, volunteer coordinator, and other interns, that will raise sufficient funds to train and supply 1,000 girls.

### Duties and Responsibilities

- Create promotional materials
- Utilize social media fundraising platforms
- Attend a bi-weekly intern/ volunteer meeting at the Posner Center to report on progress and share ideas with other interns
- Provide follow-up information to donors

### Desired Traits:

- Passion for the project
- Commitment
- Persistence
- Teamwork
